### Full job description

Your new company

My client is a leading manufacturer of high quality panel tanks across multiple industries, including commercial, food manufacturing, water authorities and mining. For over 25 years, this organisation has been a market leading supplier of bespoke, high quality tanks. Manufactured in-house compliant to ISO9001 standards, you will be joining a highly skilled small team in search of their newest member.

Your new role

Working with a focus on quality in a hands-on capacity, you will be responsible for ensuring that incoming raw materials and outgoing product are compliant with organisational standards. Broadly speaking, your role will include:

- Leading the production team in a hands-on manner, with significant time on the shop floor
- Assisting in the ongoing development of QA systems
- Oversee accurate manufacturing in line with predetermined BOMs and drawings
- Respond to non-compliant register (NCR) and warranty issues ensuring excellent customer satisfaction

What you'll need to succeed:

- Background in Quality Assurance or Boilermaking
- Exposure to fabrication at a shop-floor level
- Ability to build and manage a team
- Exposure to ISO9001, with AS1554 highly regarded
- Full and unrestricted working rights

What to do now

If this opportunity is of interest to you, please respond with a copy of your resume in word doc format, or for additional enquiries and opportunities in the manufacturing sector, reach out to Robert Scacco on 0419 754 442 or [Robert.Scacco@hays.com.au](mailto:Robert.Scacco@hays.com.au)
