Full job description

City FM is a rapidly expanding Global Facilities Management company, operating since 1985.

Within Australia, (City) is one of the largest privately owned facilities management companies. We have been providing leading facilities management, engineering, and cleaning solutions to some of Australia's largest retailers since 2009. We partner with companies to provide safe, successful, and sustainable outcomes, on time and on budget.

- Strategic Leadership role! Mentor support & develop your team!
- Work / Life Fulfilment!
- Based in Melbourne, covering Australia

People leadership role! Hands-on! Loads of scope and challenge! Career growth!

Reporting to the Head of Distribution Centres you will lead and manage a team of Facilities Managers across 11 Distribution Centre (DC) sites in Australia. National Operations Manager (NOM) will be responsible for the delivery of the Performance, MHE, Automation, Engineering and Continuous Improvement initiatives and their strategic aims and/ or deliverables within the facilities management space.

The NOM will have overall responsibility at a national level for the financial planning and budget management of the DC sites, workplace health safety and continuous improvement strategies related to the safe and efficient operation of the facilities. As well as these areas of ownership, the NOM will report to the GM of Distribution Manager working as collective to provide operational excellence through engaged team, spend analysis of assets and providing world class service to the partner.

The NOM will be the key escalation point for all 10 FMs as well as having overall responsibility for their personal and professional development in technical and non-technical areas. It is imperative that the successful candidate create and maintain very close working relationships with the Coles National Facilities Manager, Head of States and the Distribution Centre Managers, as well as their FMs, in accordance with the City Partnership model. We share the same goals and work as one team.

This involves managing all operational areas of the business to meet the KPI's stated in the Scope of Works (SOW) between City and Coles Logistics and any other KPI's as set by the business.

The successful individual into this role will be people focused, goal orientated and willing to meet & exceed all targets. The business is one that is mature and the person in this role will be taking the facility service to the next level.

What's in it for you?

- A permanent full-time position
- A competitive salary
- A mobile phone and laptop
- An inclusive, diverse, and supportive team
- Tailored personal career development
